

Information regarding data protection under Article 13 EU-GDPR for university professorship applicants

We are very pleased at your interest in working for the University Medical Center Göttingen. Data protection is very important for us. The following paragraphs will inform you about how your data is processed during an appointment procedure for a professorship at the University Medical Center Göttingen.

Purpose and methods of data processing

We process your applicant data in order to determine the fit of your application for a current vacancy. Your data is processed under Article 6(1)(e) EU-General Data Protection Regulation (GDPR). No automated decision-making takes place.

Recipient of your data

Your data is transferred to the internal stakeholders who are involved in the selection process and who will examine your application.
Data may be transferred to externals if necessary, e.g., to expert consultants.

Duration of data processing and erasure

Your data will only be retained as long as necessary. After completion of the appointment procedure we will retain your data under the German Non-Discrimination Act for an additional six months. After this period, we will erase your data, unless in case of legitimate interest for further retention due to legal reasons. If you are appointed to the University Medical Center Göttingen, we will retain your data during the employment relationship.

Your legal rights, controller of data processing, and data protection officer

You have the right to access and rectify your data, and provided that requirements are met also to restrict processing, erase, and transfer your data.
Responsible for data processing is the University Medical Center Göttingen. In addition, we have appointed a data protection officer. You can contact them at:

Georg-August-Universität Göttingen
Stiftung Öffentlichen Rechts
Universitätsmedizin Göttingen
Dekanat der Medizinischen Fakultät
